TAFE Engineering Immersion Hosted by Unity College

Friday 22 September 2023, 10am - 1.30pm
Unity College Trade Skills Centre

INTRODUCTION INTO CERTIFICATE II ENGINEERING PATHWAYS

Participants will receive information on career and study pathways, connection to Flexible Industry Pathways during school, apprenticeships and gaining entry level skills. Local employers will also be present to provide insight into what they are looking for in an employee and discuss future career paths in the Engineering industry. A great opportunity to see the Unity College Trade Skills Centre in action, meet the onsite TAFE lecturer and chat to former and current Trade Skills Centre Engineering students. Participants will also be able to use a Virtual Welder that simulates realistic welding scenarios.

PRE-REQUISITES AND PERSONAL PROTECTION:

- ✦ While there are no prerequisites, students must have a demonstrated interest in this pathway.
- ✦ Students will be required to provide a TAFE SA registration form, prior to the commencement of the course
- ✦ Students will be required to have long sleeved work shirts, long work pants and steel capped boots to participate in the workshop activities.

Note: Minimum numbers are required for the course to run and the course may be cancelled at short notice if these numbers are not met.

COST FREE

Participants will receive a certificate of attendance for Industry Immersion evidence.

CONTACT

Mrs Jasmine Barolo, Trade Skills Centre Manager on 8532 0100 or email jbarolo@unitycollege.sa.edu.au to register your interest.
